Dear Harold

Good speaking to you last night!

Here's the Shaw piece - hope you like it. It was capriciously edited by the magazine's editor and a number of paragraphs were left out making some passages nonsensical. But the drift is there. I'll give you a shout in a week or two.

Keep in good shape - there's a lot of work to do.

With best wishes

TONY.

Anthony Frewin

PS: Anthony Edward Weeks is my nom de guerre.
